

Patriarchal Blessings

Notes from remarks of Stake Patriarch, Cedar Hills UT, Nov 2, 2003 Stake Conference

- The words on the page of your Patriarchal Blessing are only the beginning
- The words to you from God are too sacred to share with others and are revealed to you and understood only through the Spirit
- The things in your blessing are not the target for your life. The things in it are signposts along the way in your life.
- Blessings like scriptures have multiple levels of meanings. The multiple levels are understood by the Spirit in the same way as scriptures.
