Mrs Margaret Teacher

Allen madam i ^w you to under
stand that all marriage vows
sealings and covenants entered
into by me and your mother
are by this made null and void
as she often told me that ^{she} did
want me in the life after the
grave you can get her sealed
to the father of her children
and get your self adopted to
them as you will be much happier
with them than any ~~one~~ else
she may have told what she
wanted done after death
do not delay as life is uncertain
we do not know what a day
may bring forth

this needs no answer

so fare you well for ever
