

Letter to Margrethe 1921:

Kr.ania 26 Sept -21

Dear Sister

I will try to write to you again. I have written several letters but received no replies.

Thinking so often about you I would so much like to hear how you live you have by now several grown children it would be so much fun to hear how they are now. You are the only relative I know of so you see I (turn page) am waiting for your letter

I can greet and say we are all fine. My little girl Mary is dead she dies in December 1921 from pneumonia. Carsten is now an adult but is still in school this year it is the last year of high school he is learning English and German so now he can correspond with your boys.

I could write more but as I don't know if you get my letters it is of no use.

Dear regards from us all.

M. O. Tesli Sverdrupsgt. 18 Kristiania

Write soon and you will get letter soon
